DISCOVERING ALUMIERMD

CORRECTIVE. COMMITTED. CLEAN.

PRO

# WE ARE CORRECTIVE

Provide your patients with transformative results through innovative, clinically validated formulas.

We leverage optimal concentrations of key ingredients that you know and trust, with innovative hero ingredients clinically proven to enhance results.

## REAL PATIENTS. REAL RESULTS.

“*AlumierMD gave me my happiness back.*”  
★ ★ ★ ★ ★

## A 360-DEGREE APPROACH

Our products are inclusive; with a 360-degree approach to skin health, we offer solutions for all **skin types, tones, conditions and aspirations.**

## PROFESSIONAL IN-CLINIC TREATMENTS

Our team of clinical educators will train and certify your team to confidently perform in-clinic treatments and build effective skincare routines. The AlumierMD Academy will support 24/7 ongoing learning and coaching from any electronic device.

## WE ARE COMMITTED

Stop competing with third-party vendors and maximise your revenue potential.

We've got the tools and resources to help you generate profit 24/7, with a protected revenue stream that marries the patient to your practice.

A ready-to-use e-Commerce platform for your practice and patented anti-diversion technology prevent discounted sales elsewhere.

Our Connect-To-Buy feature links new patients to you, introducing the opportunity to drive first-time patients to your practice.

Make the same profits, whether you're in clinic or not. We'll pick, pack and ship orders for you free of charge.

**3,500**

accounts in 10 countries globally, and growing!

**us\$12,800,000**

To date, the amount our partnered professionals have earned in cash from their AlumierMD product sales.

## OUR BRAND PROMISE

**AlumierMD sales stay within your practice.**

If your registered patient purchases from any third-party selling site, we will compensate you the margin from those transactions.

*“With the AlumierMD Portal, patients can have a ‘clever’ shopping experience and get results. Meanwhile, we get extra income and it relieves the pressure from our busy clinic. It’s a win-win for the patients and for us.”*

– Dr. Beatriz Molina, UK

# WE ARE CLEAN

Never turn a patient away because of their personal skincare choices.

We push our formulating chemists to take advantage of innovations only made available in the last three to five years. This means using cleaner alternatives and ridding our products of the ingredients many patients no longer want in their skincare.

Our mission aligns with our ongoing consideration for human health and the environment.

Our products are formulated without the use of:

X

Artificial Dyes  
& Fragrances

X

Parabens

X

Sulphates

X

Phthalates

X

PEGs &  
Phenoxyethanol\*

100%

of our products are packaged  
without the use of cellophane.

100%

of our shipments worldwide are  
delivered without the use of plastic.

100%

of our supplier partnerships  
include like-minded businesses.

*WE DON'T DO WHAT'S EASY,  
WE DO WHAT'S RIGHT™*

## OUR SCIENTIFIC COMMITTEE

Through rigorous testing, and innovative formulating techniques, we are pioneering a cleaner way to access professional-grade skincare.

\*We have effectively removed these ingredients from 85% of our portfolio and as newer innovative alternatives become available, we aim to complete our entire range of products.

Dr. Karl Lintner, Ph.D. | Dr. Mindy Goldstein, Ph.D.

***FINALLY,*** skincare that both professionals and patients can get excited about!

All of our products are developed following

## OUR FORMULATING TRIFECTA

This ensures each product is created with the cleanest ingredients available, in optimal concentrations to drive transformative results, and with an elegant texture.

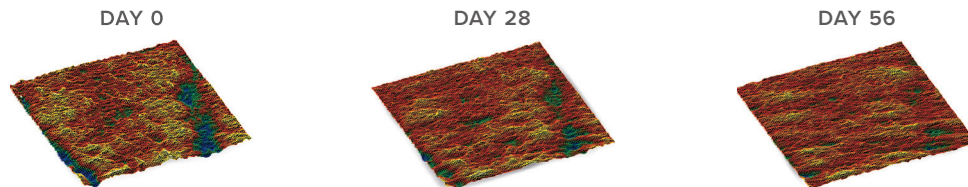

## DRIVEN BY INNOVATION

Defying the rate of oxidation typically seen in conventional vitamin C serums, the award-winning, EverActive C&E™ + Peptide delivers the **FRESHEST** dose of 15% L-ascorbic Acid, along with vitamin E and a specialised peptide, delivering visible results **FAST**.

**This powerful antioxidant formula is clinically proven to:**

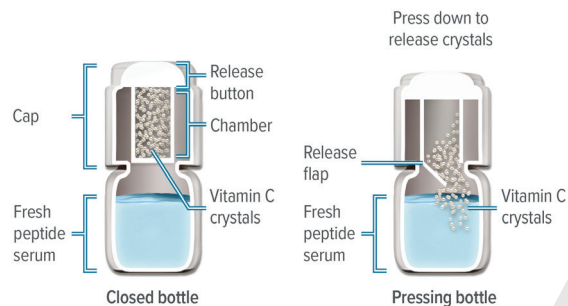

- Reduce depth and volume of wrinkles within 56 days
- Improve and smooth surface homogeneity
- Decrease red and brown tones for a more even complexion

Wrinkle reduction over time colour-coded by depth, where yellow indicates shallow, green is moderate, and blue represents deep wrinkles on day 0, day 28, and day 56. Study results were published in the Journal of Cosmetic Dermatology, December 2020.

## ACTIVATE FOR THE FRESHEST DOSE

A unique delivery system ensures the vitamin C crystals are kept separate in a proprietary cap that protects from atmospheric degradation and only mixes them into the bottle of serum when you are ready to use it.

Ensuring our  
15% vitamin C  
complex is always  
**optimally active.**
